

## REVOLUTIONARY IN DESIGN. EXTRAORDINARY IN FUNCTION.

The Matrix is the first of its kind to fully incorporate and allow over a dozen functional wear variations by simply adding or removing individual parts as required. Click in the semi vented foam adaptor, add a 25mm wide elastic strap and make yourself an ultra low profile snug fit, splash resistant goggle.

**Need prescription lenses?** Click in the prescription insert.

**Getting dust in your eyes?** Add a foam dust insert and wear it with standard temple arms, elastic strap with or without the prescription insert.

**Worn out your lenses?** Get a spare and click in your bits!

**Work in the dark?** Click in a pair of LED temple arms for true light enhancing vision.

Whatever the hazard, customize your eye protection with Matrix.
