

PRODUCT DATA SHEET

Poro-Sorb Sonic Bonded White Oil-only Pads

The pad is made from one layer of Meltblown which is sonically bonded together. Made with the industry's highest quality polypropylene Poro-Sorb fibers. The bonding makes the pad less linty compared to un-bonded Meltblown. Very even structure helps to contribute to its good absorbency capacity. Being the industry standard, its all-round performance and very versatile. Peforated for easy use.

Absorbency: up to 20 gal. oil ***
 Base Fiber: Polypropylene

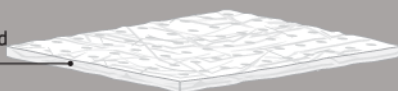

Simply The Best!

Sonic bonded Meltblown

Sonic bonding lowers lint and increases strength

KEY FEATURES

- This pad is made from one layer of Meltblown Poro-Sorb that is sonically bonded together.
- Good value and reliable performance.
- Made from high quality polypropylene.

APPLICATION

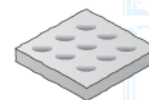

A very economical choice for everyday oil-only MRO tasks. Because this product is oil-only, outdoor use is recommended.

NOTES

- Fire retardant as per ASTM 726
- Ensure that disposal of these sorbents complies with all local, national and international regulations.

This is medium weight product

This product is in an Oil-only format

* Basis weights and recycled content are $\pm 5\%$

** Weight per case $\pm 1\text{lb.}$

*** Measures a case/bale using ASTM 726 (long test) with medium viscosity oil and tap water. Statistical average derived from real time production QC data.
