

## PRODUCT DATA SHEET

### Pro-Sorb Sonic Bonded Gray universal Pads

The pad is made from one layer of Meltblown which is sonically bonded together. Made with the industry's highest quality polypropylene Poro-Sorb fibers. The bonding makes the pad less linty compared to un-bonded Meltblown. Very even structure helps to contribute to its good absorbency capacity. Being the industry standard, its all-round performance and very versatile. Perforated for easy use.

*Simply The Best!*

Absorbency: up to 20 gal. oil and 13 gal. water \*\*\*  
 Base Fiber: Polypropylene

## Sonic bonded Meltblown

Sonic bonding lowers lint and increases strength

### KEY FEATURES

- This pad is made from one layer of Meltblown Poro-Sorb that is sonically bonded together
- Good value and reliable performance
- Made from high quality polypropylene

### APPLICATION

A very economical choice for everyday maintenance situations.

Use for light duty MRO tasks.

Because this product is maintenance, indoor use is recommended.

### NOTES

- Fire retardant as per ASTM 726
- Ensure that disposal of these sorbents complies with all local, national and international regulations.

This is medium weight product

This product is in an Universal format

\* Basis weights and recycled content are  $\pm$  5%

\*\* Weight per case  $\pm$  1lb.

\*\*\* Measures a case/bale using ASTM 726 (long test) with medium viscosity oil and tap water. Statistical average derived from real time production QC data.
