

MACRO

SAFETY PRESCRIPTION SPECTACLES

High protection

With such a wealth of experience behind us, and our own purpose, built laboratories with established designers and technicians, our brand range of prescription safety spectacles has been carefully selected to ensure a wide choice of frames with both plastics and metals there's something for everyone, simple ordering and pricing, and our own skilled representatives who will set up your very own prescription service tailored to the specific needs of your company, who better to turn to. We have a wide range of frames that can be glazed with 3 types of prescription lenses (single vision, bifocal, progressive) and 3 different lens materials (polycarbonate, CR39 or toughened glass).

Supplied with rigid case,
cord, microfibre tissu
